CSR Christmas Celebration with Specially-abled Kids

On **December 24, 2024**, the CSR Committee of Jaipuria Institute of Management, Noida, organized a heartwarming Christmas celebration in collaboration with the **Achal Welfare Foundation and Lakshay Special School**. The event, which aimed to spread joy and inclusivity, was attended by 20 specially abled children.

The festivities kicked off with a movie screening on the meaning of Christmas, followed by refreshments. The children participated in games with surprise gifts hidden in glasses and performed lively dances, joined by junior coordinators. The celebration reached a high point with a surprise visit from Santa Claus, which led to a joyful dance session. A cake-cutting ceremony symbolized the unity of the occasion.

The children were treated to lunch and received creatively designed return gift bags. Special thanks to **Dr. Rakhi Ruhai**, whose generous donation of soft toys brought additional joy to the children as they took them home.

The leadership team of the CSR Committee—Anupam Thapa, Shankha Mukherjee, and Arshiya Jain guided the junior coordinators, ensuring the event's success. This celebration highlighted the CSR Committee's commitment to inclusivity and community engagement, leaving lasting memories for all involved.

We are pleased to extend our sincere appreciation to Anupam and his team for organizing an exceptional Christmas celebration. The event was a testament to their outstanding planning, coordination, and execution. We look forward to collaborating with Jaipuria Institute of Management on similar initiatives in the future.

Soumay Singh Rawat
Director
Achal Welfare Foundation

CSR E-Waste Collection & Awareness Drive

On December 20th 2024, the Disha CSR Committee organized an **E-Waste Collection & Awareness Drive** in collaboration with **Allied Waste Solutions**. The drive aimed to encourage responsible disposal of electronic waste and create awareness about its environmental impact. The event witnessed enthusiastic participation from students, faculty and staff with over 100+ individuals contributing to this eco-friendly drive.

A remarkable 27.5 kg of e-waste was collected, including generous contributions from **Dr. Rakhi Ruhai and Satyender Singh (IT Dept.)**, who set a shining example of environmental responsibility. As a token of appreciation, certificates were awarded to all participants, recognizing their valuable contributions to the cause.

The success of this drive was made possible through the dedication of the Disha CSR Committee's leaders and junior coordinators. Their tireless efforts in spreading awareness and facilitating smooth execution were commendable.

This drive was more than just a collection of e-waste—it was a collective pledge to recycle the technological waste and recharge the earth. The event showcased the power of community action in protecting our planet and inspired participants to make environmentally conscious choices.

From The Alumni Corner

Soumya Kanti Roy
Batch (2018–20)

I had been fortunate enough to get a job post my B.tech in the "dream company" of almost every B.tech student but the sector did not excite me enough to be staying in it for the long run as I did not enjoy coding. My interests however were always in management and when the final decision to leave my IT job was finalized, I chose Jaipuria Institute of Management to be my transition into management. Post the PGDM from our institute I was placed with Eureka Forbes in the TMO (Transformation Management Office) department where I was working with the likes of BCG (Boston Consulting Group – one of the Big 3 consulting companies) to transform the operations. The learnings from the organization are something that I truly adore and dedicate to the shaping up of the corporate professional that I am today! Due to the shapeup from Eureka Forbes, I am currently working in the capacity of a Project Manager at Rackspace Technologies and have completely transitioned myself into the role of an IT PM. This is a role that I had aspired to be since the beginning of my Bachelor's degree as coding did not excite me but the IT industry did. Today, I am in a role where each day I look forward to working with my co-workers and having a great work-life balance which is the most important thing in today's fast-paced world.

STUDENT SUCCESS STORIES

My Journey to Hager Group

I am Aditya Kumar Singh, from Kolkata, where I completed my schooling and undergraduate studies. With a passion for Excel, I decided to pursue an MBA to enhance my career prospects. Preparing for the CAT and other entrance exams was a significant step, and my hard work paid off when I joined the Jaipuria Institute of Management, Noida. I chose Jaipuria for its excellent reviews and was fortunate to secure a ₹3 lakh scholarship based on my academic performance and entrance scores.

My journey at Jaipuria has been transformative, filled with both challenges and achievements. I actively participated in extracurricular activities and served as a Placement Committee member, which provided me invaluable insights into leadership, teamwork, and strategic thinking. The faculty at Jaipuria played a crucial role in shaping my path, offering constant support and guidance. Special thanks to CMC faculties Kanchan Ma'am and Supriya Ma'am, whose mentorship has been instrumental in my growth.

A defining moment in my journey was my selection by Hager Group, a globally renowned German company in the electrical equipment industry. The interview process was rigorous, requiring in-depth industry knowledge and adaptability. As someone from a non-technical background, this accomplishment stands out as a testament to the skills I developed during my PGDM in Marketing.

Jaipuria has been a cornerstone in my personal and professional development. The institution not only provided academic rigour but also created a nurturing environment that helped me embrace challenges with confidence.

As I step into this exciting phase of my career with Hager Group, I carry the lessons and memories from Jaipuria, ready to contribute and grow further. To future aspirants: believe in your journey and trust the process—success follows.
