STUDENT SUCCESS STORY

My name is Muhammed Rashid, and I came to Noida with the ambition of pursuing my PGDM and carving out a meaningful place in the world of business. Over the past two years, this journey has been nothing short of transformative, pushing me to grow academically, professionally, and as a person.

A defining chapter of this experience was my summer internship at **GCMMF (Amul)** as a **Sales & Marketing Intern** in Noida, where I worked across distributors and retail outlets, conducted competitor benchmarking, and built hands-on fluency in field sales and data reporting. It gave me a ground-level understanding of how India's largest dairy cooperative operates at the last mile.

I am delighted to share that I have been placed at **Eternal Limited (Zomato District)** as an **Account Executive**, a milestone that reflects both the hard work of these two years and the confidence this institution has helped me build.

Beyond academics, I served as the **Vice President** of the International Relations Committee (**IRC**), a role that sharpened my leadership, cross-cultural communication, and ability to drive initiatives with purpose. I am deeply grateful to **Chairperson Dr. Poonam Sharma Ma'am** and **Sonali Mulay Ma'am** for entrusting me with this leadership role and for their guidance and support throughout my entire tenure. I also co-authored research papers presented at major conferences, experiences that deepened my appreciation for rigorous thinking and collaborative scholarship.

I feel fortunate to be guided by inspiring mentors such as **Dr. Rohan Bhalla sir** and **Jolly Joseph Ma'am**, whose support and guidance were instrumental in helping me begin my career journey, and **Dr. Renuka Mahajan Ma'am**, whose mentorship as my faculty guide kept me grounded and motivated throughout.

This journey has given me more than a degree. It has given me perspective, resilience, and a genuine hunger to keep growing. I leave with more than a degree. I leave with memories, friendships, and moments that will stay with me for a lifetime.

From the Campus Corner

A year ago, these walls were unfamiliar, and every corridor felt like a question waiting to be answered. Today, as we stand three semesters in, Jaipuria is no longer just a campus—it's a chapter of growth, resilience, and discovery.

From hesitant first steps to confident strides, this journey has been shaped by lectures that challenged us, friendships that grounded us, and moments that quietly transformed us. The same paths we once walked with uncertainty now carry the rhythm of purpose.

As we step into our internships, carrying everything we've learned beyond these walls, we look back with a sense of gratitude. Jaipuria wasn't just where we started—it's where we began becoming.
